Optional human-led onboarding, migration assistance, and priority support may be included for Custom / Enterprise customers.

Product	Urlivo - branded short links, custom domains, redirects, and privacy-friendly analytics.
Billing model	Monthly or annual billing, depending on scope and agreement.
Merchant of Record	Paddle.com acts as Merchant of Record for supported self-serve transactions.

Guideline pricing ranges

Tier	Typical range	Good fit	Common inclusions
Custom Starter	USD 79 - 149 / month	Small teams that need more domains, analytics retention, or light support.	Higher limits, extra branded domains, standard support.
Growth Custom	USD 149 - 299 / month	Agencies and brands with multiple domains, higher redirect volume, or invoicing needs.	More domains, longer retention, annual billing option, priority support.
Enterprise	USD 299 - 499+ / month	High-volume workloads, multiple teams, invoicing, SLA, or onboarding requirements.	Custom limits, advanced support scope, onboarding / migration assistance, tailored billing.

What affects final pricing

- Redirect volume and expected traffic patterns.
- Number of branded or custom domains.
- Analytics retention period and reporting needs.
- Team seats, workspaces, invoicing, or annual billing requirements.
- Optional human-led onboarding, migration help, or priority support scope.
